

Consent Matters Checklist

www.collegept.org/rules-and-resources/consent

- 1 Talk to the patient about their goals and what they want.
- 2 Explain what you plan to do.
- 3 Be clear and use plain language. Explain the risks, benefits and alternatives.
- 4 Give the patient time to think and answer any questions they have. Consent can be withdrawn at any time.
- 5 Make sure you know whether the patient understands what is expected of them.
- 6 Document the conversation.
